

## New Illinois Congressional Map

On November 23, 2021, Gov. J.B. Pritzker signed [new Congressional districts](#) into law for the 2022 election cycle. According to an initial IHA analysis of the new map, hospitals listed below will experience a change in district and may also be represented by a different elected official following the November 2022 election. (Additional factors, such as retirements and primary and general election results may also result in representation changes.) The below information is preliminary and only intended to support educational outreach on key hospital issues.
