AT A GLANCE

HUMAN CAPITAL PERFORMANCE

Meet the challenges of each stage of the employee life cycle with our cost-effective services and a client-focused approach backed by deep industry knowledge.

INFORMATICS

Plan for the future with powerful, actionable healthcare information and data-driven insights into utilization, market share, demographics and more.

INSURANCE SOLUTIONS

Be proactive about solving your healthcare risk challenges—from workers' compensation to medical professional liability.

GROUP PURCHASING

Reduce your organization's healthcare supply chain expenses by leveraging our volume aggregation model for acute and non-acute healthcare organizations.

HUMAN CAPITAL PERFORMANCE

We help you meet the challenges of each stage of the employee life cycle.

What it means for you:

Specialized support for your hiring decisions so you can avoid loss in recruiting and training costs

Management training and statistical analyses to help you control the cost of unemployment insurance

A suite of services including pre-employment verifications, criminal history background checks and more

Supplemental staffing solutions and group benefit programs from leading national companies aligned with IHA through our Strategic Partner Program

INFORMATICS

Our highly utilized COMPdata product provides insight to help you identify market and service line trends and perform physician analyses.

What it means for you:

Accelerated data-driven solutions with our dynamic data visualization platform—featuring interactive graphs, maps, datasets and dashboards

Actionable knowledge through comparative market share, utilization, physician, quality, performance improvement and demographic data

Enhanced tools to analyze service line trends, evaluate specific revenue code data and more

INSURANCE SOLUTIONS

With an array of products and services, we guide you in proactively addressing your specific risk challenges and your organization's needs.

What it means for you:

Workers' compensation coverage and loss control services to support a safe work environment

Professional and general liability coverage with strong risk management services to help you develop and enhance patient care

Claims administration services to properly and effectively manage workers' compensation and professional liability claims for self-insured organizations

Actuarial services that help you effectively manage your risk costs

GROUP PURCHASING

We reduce healthcare supply chain expenses by combining national GPO benefits with the power of aggregation.

What it means for you:

Lower costs through our extensive portfolio of more than 900+ preferred pricing agreements and 3,700+ national contracts

Experienced client services team that analyzes your spend

Continuum of care provider program with access to top-tier contract pricing

Independent hospitals, including small and rural hospitals, and non-acute providers can achieve top-tier pricing on supplies and equipment typically available only to larger health systems.

Our Group Purchasing members share best practices to reduce costs and improve their supply chain operation, allowing them to better support the caregivers and patients they serve.

We strive to offer you competitive pricing and unmatched customer service that comes from our relentless focus on serving healthcare organizations.

By choosing IHA, the return on your investment will extend well beyond the scope of the product you have purchased. Your investment will support IHA's mission and the work of our Policy and Advocacy teams, which makes IHA the most influential voice in Illinois healthcare.
