On January 7, the Illinois Department of Healthcare and Family Services (HFS) issued a [Provider Notice](#) that informs physicians of psychiatric service add-on payments effective with dates of service beginning July 1, 2019, authorized to participating board-certified psychiatrists billing the procedure codes listed in the table below.

Due to a delay until mid-October in finalizing the psychiatric add-on payments, claims submitted prior to that would not have received the add-on. Providers may submit replacement claims to receive the correct reimbursement. HFS will accept electronic transactions submitted through the Medical Electronic Data Interchange (MEDI) System or via 837P files to replace a paid claim, if submitted within 12 months from the original paid voucher date. Instructions for replacement claim submittal may be found in the [Chapter 300 Companion Guide](#).

The [Practitioner Fee Schedule](#) has been updated with a specific sheet that identifies the procedure codes and psychiatric add-on payments. Prompted by [Public Act 101-0010](#), the following procedure codes are eligible to receive the add-on payments:
